Lightning Kills Grayling Youth At Downstate Foster Care Home

Tammy Marshall, 16, of Grayling, was killed Monday when a bolt of lightning struck the foster care home she was in at Millington. The house started burning after the lightning hit and the body of the youth was discovered severely burned in a second story room. An obituary appears inside.

Stolen Vehicle From Lovells Recovered in Montmorency Co.

A 1976 blue and white Chevrolet Blazer stolen from the Lovells Riverside Tavern Sunday night was discovered the next day in Montmorency County in a ditch by a citizen. Rene Fortier, of Johannesburg, reported that his truck was taken sometime after 11 p.m. Sunday night and daylight Monday. Crawford County Sheriff deputies said a Camp Lehman escapee on Sunday may be involved in the theft. The keys were not in the vehicle when it was stolen. Anyone with information about the auto theft can call the sheriff dept. at 348-6341.

Write Down County Ambulance Phone Numbers Before Emergencies Hit

Crawford County Ambulance Corps members are urging county residents to write down phone numbers for ambulance service before emergencies strike. The numbers should be placed in a prominent position near the phone. Easy access to ambulance phone numbers can save valuable time in an emergency.

The telephone number for the Crawford County Ambulance Corps, the county-operated ambulance service, is 348-6341 (the same number as the Crawford County Sheriff Dept.) The Crawford County Ambulance Corps provides the entire county with emergency ambulance service. In Frederic and Maple Forest townships, the county corps mainly are a back-up for the Frederic Ambulance Corps. The number for Frederic and Maple Forest residents to call for the Frederic Ambulance Corps is 348-9191.

Artifacts Needed To Be Buried In Sesquicentennial Time Capsule

The Crawford County Sesquicentennial Agency is looking for more artifacts to bury in a time capsule October 15 on Thank You Grayling Day. The time capsule, a one-foot by two-foot box, will be opened 150 years from now. The burying of the time capsule will be the first official sesquicentennial event in Crawford County.

A Grayling High School yearbook, the book "The First One Hundred Years," and a Crawford County Avalanche are among the items already planned for the time capsule. If you have any small items or papers that show how we live, call the chamber of commerce.

Booster Club to Install Officers

The annual Grayling Youth Booster Club annual Installation dinner will be on Saturday, October 18th. All members and their guests are invited to attend. Tickets are available for \$8.00 at Patty's Country House or any Booster board member.

Further Steps Taken To Solve City Curbside Garbage Problems

The City of Grayling is warning city residents that appropriate legal action will be taken against persons refusing to comply with garbage pick-up rules. The biggest problem facing the city is garbage placed at curbside at the wrong times. Refuse should be placed at curbside no earlier than Sunday evening and no later than 8 a.m. Monday. Leaves and trimmings should be placed in bags. Brush and tree limbs should be cut to manageable lengths and placed at curbside separate from the trash.

Infractions of garbage pick-up rules will be handled by city police and the city attorney.

Range Firing Conducted

"Range firing will be conducted at Camp Grayling during the period 1 Oct 86 thru 8 Oct 86.

Firing will be in the following areas on the dates and times as indicated.
The Small Arms Ranges located west of Lake Margrethe, north of Howe Rd, east of the gas pipeline and south of Portage Creek. Firing will begin at 8:00 AM 3 Oct 86 and cease at 5:00 PM 5 Oct 86.

The Demolition Ranges located south of Howe Rd, west of the Crawford County Line, north of Daniels Road and east of the gas pipeline. Firing will begin at 8:00 AM 4 Oct 86 and cease at 5:00 PM 5 Oct 86.

The Range 30 Complex located north of North Down River Road, east of Jones Lake Rd, south of County Rd 612 and west of Damon Truck Trail. Firing will begin at 8:00 AM 3 Oct 86 and cease at 5:00 PM 5 Oct 86.

The Range 40 Complex located north of County Rd 612, east of Guthrie Lake, south of Old State Rd 618 and west of County Rd F97 (Twin Bridge Rd). Firing will begin at 8:00 AM (daily) 1 Oct 86 and cease at 5:00 PM (daily) 8 Oct 86 and beginning at 8:00 AM 4 Oct 86 and ceasing at 5:00 PM 5 Oct 86.

The ranges will be closed to the public during these periods and all persons are warned to keep out of the areas identified."

Mental Health Board Considers New Building

The North Central Community Mental Health Services Board is looking into building a new office in the Grayling area.

One site being considered for the 3,000-square-foot building is owned by Crawford County along Old 27 north of Scheer Motors. The 186 by 400 foot parcel of land borders the highway and would be adequate for the new building with parking for 18 cars.

A committee of Jeannette Kitchen, Crawford County Commissioner, Jini Hindmarsh and Mike Gardiner, Mental Health Services Board members, looked at quite a few sites in the county and selected the Old 27 site as the best.

"Considering aesthetics, access, and the size of the property, it was by far the best site," said Kitchen.

"I think an office building could help that area look better and encourage some other businesses to the area or rejuvenate some already there," she said.

The Mental Health Services Board asked the county to consider selling the land.

County treasurer Joe Wakeley said the county can sell the land but any money received would have to be prorated back to the schools, township, and county because it was tax-reverted land that went to the state and was then given to the county for \$1.

The Mental Health Services Board said they will need more office space by 1988 and want to begin planning now for a new building. Mental Health Services currently rents office space at 802 Ingham Street.

beginning January, 1987.

"I felt this was very fair to everyone involved," said commissioner Jeannette Kitchen. "No one wanted to be unfair to any candidate and I thought picking Anna Mae was a real tribute to Andie. She was a real big part of his life and was involved in many of the decisions he made as commission."

Kitchen said that she understood Anna Mae had no further political aspirations and would just fill out this term for the next few months.

Andie Neilson died September 13 and commissioners were required by Michigan law to fill the vacant position within 30 days or a special election would be held to elect a person to fill the remainder of the term.

Middle School Construction Bids Remain Under Estimates

The Crawford AuSable Board of Education took action Sept. 22 to make bid awards in eleven divisions for the middle school project. Awards were made for building concrete, masonry, face brick supply, exterior brick restoration, lath, plaster and drywall, resilient tile, ceramic and quarry tile, carpet, corridor lockers, metal toilet partitions, and walk-in cooler and freezer.

This action completes the awarding of bids for Phase III of the construction project, the major portion of construction at the middle school site. In all, a total of \$3,015,619 in contracts have been awarded for Phase III. These awards totaled \$99,500 less than the estimates for the work as made by our construction managers, Elzinga and Volkens. The only remaining phases within the project are the fixed furnishings and equipment, estimated at about \$350,000 and the final site work, estimated at a minimum of \$55,000 and a maximum of \$100,000.

In additional Phase III action, the Board rejected the award for structural steel supply previously made at the August 25 special meeting. Post bid award investigation by Elzinga and Volkens of the bid accepted from Kalamazoo Foundry and Machine found that they had entered a broken bid. All materials specified had not been included in the total awarded. The Board therefore awarded the contract for structural steel supply to Howard Steel, of Saginaw.

Phase III of the project is beginning with the \$250,000 budget for contingencies intact. This money will be available to handle unknown or unforeseen complications in the renovation project.

The next regular meeting of the Board of Education will be held Monday, October 13, at the Frederic Elementary School Library at 7:30 p.m.

Local Right To Life Group Questions Medical Decision on Dying Patient

By Jon Thompson

The Crawford County Right To Life chapter questioned a Grayling physician's decision to withhold life-prolonging medical treatment to a dying 75-year-old stroke victim and apparently influenced a change in treatment.

The local 50-member group asked for water and nutrition to be given to the comatose patient through an intravenous tube.

"We felt without the I.V. the patient would die from dehydration," said Johanna Jurkovich, vice-chairwoman of the county Right To Life. "If the patient is going to die, let it be from the stroke, not from withholding water and food. Death from a stroke is up to God. Death shouldn't come from a human decision to deprive water and food."

But the Grayling physician, who could not discuss this specific case because of confidentiality laws, said in some cases medical treatment only prolongs the suffering of a dying patient.

The American Medical Association on Ethical and Judicial Affairs issued an opinion in March, of 1986, that said it is not unethical for a doctor to discontinue life-prolonging medical treatment. They included artificial supplied nutrition or hydration (fluids through an I.V.) as a form of life-prolonging medical treatment and said "in treating a terminally ill or irreversibly comatose patient, the physician should determine whether the benefits of treatment outweigh its burdens."

"We felt giving the patient an I.V. would make the patient more comfortable," said Al Peterson, president of the local Right To Life chapter. "When the patient's lips were slightly wetted with water, he responded positively."

The patient's physician feels an I.V. can cause more pain than help some terminally ill patients.

"I have a feeling of different kinds of death and I think one of the nicest forms of death is to more or less go through a state of dehydration because the body's poisons accumulate in the blood and the patient gets into a state where they don't feel much. They're not aware of pain or discomfort very much and they just slip away. I think it's probably one of the best ways to die."

"Now if you give someone who has come to the end of life an I.V., I think what you do is keep them hydrated and they clear all those poisons out of their system. Then they experience pain and a prolongation of life

that is quite extensive. Not only that, instead of dehydrating and expiring in a relatively short time, they will waste away with an I.V. They experience a prolonged dying where they're unable to eat or drink. But you give them I.V. fluids so they metabolize their body fat, their muscles - all their body tissues - and end up like an emaciated skeleton that finally one day breathes its last and dies.

"All I.V. fluids do in some cases, I think, is create a worse kind of suffering. I have never ordered food or water that can be taken by the mouth to be withheld from my patients," the physician said.

One of the reasons the Crawford County Right To Life Chapter became involved in this case is the patient has no known relatives. A court-appointed guardian, Doug Allen, a Roscommon attorney, is legally responsible for the patient. The patient's physician talked with the guardian after the stroke and he agreed with the doctor's choice of treatment.

"I'm not a professional at judging physical condition," said Allen. "I have to rely on the doctor's opinions."

A friend of the patient did not agree with the decision to withhold life-prolonging medical treatment and called the Right To Life local chapter.

Peterson and Jurkovich visited Mercy Hospital in Grayling Friday afternoon to see the patient. They said they wanted to find out if it was true the patient had not been given any water for three days or why water could not be given to the patient for comfort.

The Right To Life members waited at the hospital from early Friday evening until 1:30 a.m. Saturday morning because they were told by hospital employees that administrators were on their way to the hospital to talk to them about the case. At 1:30 a.m. a hospital employee told Peterson and Jurkovich no comment would be given that night.

On Saturday, Right To Life members visited the patient and found an I.V. tube in place and functioning. The I.V. was apparently authorized by a different physician who looked at the patient about midnight Friday. The patient's original physician was not available Friday night.

Mercy Hospital could not comment on the care given the patient.

"It is required by federal law and is the policy of Mercy Hospital to provide privacy to each patient and confidential treatment

DEAD STREAM BLACK BEAR — Robin Pratt, of Grayling, shot this black bear on the last day of rifle season in the Dead Stream Swamp in Missaukee County near the Crawford County border. The bear weighed 295 pounds (dressed) on scales at Skip's Sport Shop. This is the third bear Pratt has killed. This one was shot with a shotgun and the other two were killed with rifles. It took Pratt and a couple of friends an hour and a half to drag the bear out of the swamp. (Jon Thompson Photo)

From Our Corner...

With the final weeks of "Our Corner" we're going to try and take a peek into the past...I'm sure some of our readers will remember...and then, there are many who won't know of whom we speak...

So, for the archives of the Avalanche, we will return to the 1930's for a look at who we believe was, is, and always will be...Mr. Grayling...or whatever the new generation wants to bestow on any individual...

Harold "Spike" MacNeven, for most of four decades, did more for the promotion of Crawford County and Grayling, as an individual, than what it has taken many directors of the Chamber of Commerce to obtain...

Back in the 30's he had a sign down in Florida stating it is so many miles to Grayling, Michigan, and Spike's Keg 'O Nails...the doubters will say, he was promoting Spike's Keg 'O Nails...true, but, he also put Grayling on the map when no one even knew it existed...

Spike backed everything that went on during his time...it did not matter if Spike reaped a harvest, his biggest interest was in Grayling...promote it...his philosophy was, what helps me, helps everyone in Grayling...

Following WW II, there wasn't a service man that returned from the war who was turned down when he asked Spike for help...

Being from Gaylord, but returning here following the war, we were a little dumbfounded why an individual would put himself out to help anyone he could. I guess we were not prepared for a guy like Spike...

We also are not trying to make out that Spike was a Saint back in the older years...we remember one time while he was holding court at the Keg, someone asked if he had been fishing? The answer was certainly, you want to see my catch?

Spike brought out a platter of trout, some 20, that were frozen, and were headed to friends in Detroit...the problem was, the guy that asked was a conservation officer...

Just a few extraordinary things that Spike did on his own to promote our area was to bring in professional baseball and football players into Grayling, just for promotion to get Grayling's name in the downstate dailies...

For the real old timers...Spike hosted a day of fishing, floating and river side eating for Jack Dempsey, then Heavyweight Champion boxer of the world...

Many names have escaped me...we mean important names back in the era that Spike knew, and also knew they would help Grayling...

A personal touch with Spike in our life was when we asked him if he would be one of our sponsors into the Masonic Lodge...he said sure, seeing as how you are neighbors of my mother, and she hasn't complained about you, I'll sign...

Possibly one of Spike's most renowned trademarks with his customers was his "Prairie Pike"...a cased in fur bearing pike, with chicken legs and false teeth...one had to listen to the tale of the Prairie Pike by Spike with a toothpick in his mouth so he wouldn't start laughing as he told the story of how it was caught...

It was fun...no one hurt anyone...back in the high jinks era...now days you wonder if you want to leave your home for a night out...

It was people like Spike that made fun out of life back in those decades...

Every town, city or what needs a foundation to perpetuate its existence...we place Harold "Spike" MacNeven as one of the cornerstones of Grayling, Michigan...

With that, pleasant dreams to T.J., Stefany and Amber, and to all who may come in contact with the turkey, have a nice weekend...

protect our children...

Rickey Gould celebrated his ninth birthday anniversary on Tuesday, Sept. 24, with nine young men coming to his home in the afternoon. The boys played team games for entertainment. They had been supplied with candy, favors, hats and noise makers by Rickey's mother, Mrs. Bud Gould, who was assisted by the guests in making some homemade ice cream to go with the meal and birthday cake served at the end of the afternoon.

Mr. and Mrs. Forrest Annis and children Anita, Irene and Gerald spent the weekend at Lake Odessa, visiting her father, Walter Decker, and sister and family, the Wayne Jacksons.

Miss Jeanne Wyman attended the dedication of the new Concordia Lutheran church in Ann Arbor Sunday, accompanying a group from Houghton Lake. Jody Wyman was in Midland Saturday for an organ lesson, and Janet Wyman was home from Northwestern Mich. College, Traverse City, for the weekend.

The Jack Alef family was in Detroit over the weekend with his parents, the M.J. Alefs, to help celebrate his mother's birthday anniversary.

Miss Janet Blaauw, daughter of the Fred Blaauws, enrolled as a freshman at Michigan State University on September 21st.

Mr. and Mrs. Robert Luter and family of Garden City visited her parents, the Bob Strongs, over the weekend.

Dwight Mitchell is the name of the young son born September 30th to Mr. and Mrs. Walter Herdrich, Jr. of Flint, and he weighed 8 lbs. 1 oz. His grandparents, the Harrison Goodhues of Birmingham, spent last weekend at their AuSable River home.

Mr. and Mrs. Gary Pettyjohn have a son, Gary Jack, Jr., born September 27, weighing 7 lbs. 11 ozs. His grandparents are Mr. and Mrs. Joe Renaud and Mr. and Mrs. Jack Pettyjohn.

Robert Luter, a 1953 graduate of Grayling High School, now of Garden City, has received a Master's degree in Business Administration from the University of Michigan. The son of the Rev. and Mrs. Hollie Luter of Freeland, he graduated from Central Michigan University, Mt. Pleasant, with a Bachelor of Science Degree in January 1958, a Business Education major. He is married to the former Sandy Strong and has three children, Robbie, Kathie and Hollie.

Mr. and Mrs. Joseph Stripe are now nicely settled in their new home on Park Street. Their home is a Cape Cod architecture with a full basement, four rooms and bath, and equipped with a hot air heating plant. The outside is sided with bungalow siding, painted white, and the roof is of blended green shingles. All of the carpentry work is credited to Mr. Stripe, manual arts teacher, who began the work some time in July. He has done all of the work with the exception of the chimney, and has done a very fine job.

Mr. and Mrs. Lloyd Perry are receiving congratulations on the birth of a son, Lloyd James Jr., born to them at Mercy Hospital Sunday, September 29. The little lad tipped the scales at seven pounds and five ounces.

Ernest Lovely celebrated his 5th birthday anniversary Saturday and fourteen little guests were invited in for the afternoon to help him celebrate the occasion. Games were enjoyed with honors going to Jackie Millikin and Beatrice Schreiber. Ice cream and cake were served by Ernest's mother, Mrs. Ernest Lovely.

Mr. and Mrs. O. Shanhite of Detroit have rented a cabin down the river and will spend some time here.

Mrs. Alex Atkinson invited a few ladies in Tuesday evening as a surprise to help Mrs. Else Rasmussen celebrate her birthday anniversary which fell on that day. Pinochle was enjoyed during the evening until the hostess served lunch.

William Ferguson is not only a successful county treasurer, but does a good job of farming as well. He has been showing at the courthouse one corn stalk measuring 12 feet and 2 inches in height. When one realizes that that is over twice as high as a six-foot man, we realize that it is "some corn". He has only an acre and a quarter but says the stalks will all average 10 feet and are well filled with ears.

The Bible Speaks

From Calvary Baptist Church

BIBLE CREATION SUPPORTED

By Astronomy
Which best explains the present size of our sun, creation or evolution? Which system of origins is most consistent with scientific facts?

In an attempt to justify the billions of years the evolutionists claim for the age of the sun and other planets, they came up with a theory of nuclear fusion within the core of the sun which would allow the sun to reuse its own fuel. However, scientists discovered a few years ago that the sun is actually shrinking as much as five feet per hour. This measurable scientific date indicates a de-generating process which blows the nuclear fusion theory of the evolutionist.

Applying the present rate of decrease in the size of the sun, and to project that rate back in time 12 million years, would give us a sun bigger than the present orbits of such planets as Mercury, Venus and Earth. Shorten the age of the sun a few million years, and you would still have a sun producing enough heat to burn Mercury, Venus and Earth to a crisp. In fact, since heat destroys magnetism, and since Mercury is closer to the sun than Earth, evolutionists had believed Mercury had lost her magnetic field. In March, 1974, a U.S. unmanned spacecraft detected and reported back a magnetic field on Mercury. Present knowledge of the sun's size and planet magnetism indicates support for the Bible account of creation about 6,000 years ago.

Since Earth is losing its magnetic field at the rate of one-half every 1,400 years, we can project the age of Earth. Since science assumes earth's magnetism is created by a solid inner core in a molten outer core at the center of the earth, if

the earth were more than 10,000 years old, the heat required to produce the magnetic field for an earth more than 10,000 years old would have required the earth to spin so fast and produce so much heat the mantle would have separated from the core. Knowing also the earth's present rotation speed of about 1,000 miles per hour, the rate of decrease in speed per year projected back in time millions of years creates real problems. Such speed would have altered the earth's continental mass and changed the earth's shape from a sphere into a pancake. Facts from Astronomy support the Bible claim to an earth about 6,000 years old.

When you look up at the sun, moon, and stars, worship and praise the God of creation! (Hear "The Bible Speaks" Tuesday at 12:15 p.m. on WQON 100 FM).

Rotary Club should Welcome Women

by Richard Milliman

WOMEN MAY FINALLY have the chance to put their shoulders to the wheel — the Rotary wheel, that is.

Out in Seattle, a local Rotary club has voted to admit 15 women as members. By its action, the Seattle club is risking expulsion from the international Rotary organization, which is strictly all-male.

Already one California Rotary club has been expelled by the international Rotary group. The Duarte Rotary Club has appealed its expulsion, which is still hanging fire.

THE COURTS are all on the side of women joining Rotary — at least the courts in this country are. In the Duarte case, the California Court of Appeals directed Rotary International to reinstate the local club, the California Supreme Court agreed, and the United States Supreme Court rejected an appeal of the California decisions.

In the Seattle case, the local club already has filed a lawsuit in federal district court, seeking to prevent Rotary International from expelling it. If the legal decision is made in this country there's little doubt of how it would turn out.

In Seattle, the club voted unanimously to admit the 15 women.

"We are good Rotarians and subscribe to everything Rotary stands for, except one — that it does not allow women as members," said Jim Johnson, club president.

AS ANOTHER ROTARIAN of long standing, I agree with the Seattle club's actions. I would hope, however, that Rotary International will decide to do away with its no-women stand through its own procedures, rather than to be forced to do so by court orders — but I'm not holding my breath waiting for an internal change of heart.

Because Rotary International is headquartered in Evanston, Ill. and because Rotary was founded in Chicago, it seems logical that the parent organization should abide by the rules of this country. That should mean that women could be included as members, if they chose to join.

This is not a clear-cut issue within Rotary ranks, however. The main argument I have heard against admitting

women to Rotary is that it just wouldn't go over in some of the far-flung countries of the world where Rotary has clubs and where women are held in considerably less favor than they are in the United States.

My reaction to that argument is: That's tough, but so what?

INTERNATIONALLY, women have achieved high rank through talent and ability; why bar them from Rotary? Would Margaret Thatcher or Corazon Aquino be acceptable as Rotarians? How about Jeane Kirkpatrick? Or Golda Meier? Or Indira Gandhi?

No, the idea that non-American countries would not accept women as Rotarians doesn't hold much water as an argument to exclude them.

The real harm of the present policy is that local Rotary clubs, as well as the international organization, are short-changing themselves by turning their back on women as members.

Women are more and more important to community life, and more prominent in their influence on what's going on in business, government, education and all facts of society.

To ban women arbitrarily from participation within Rotary doesn't make good horse sense for Rotary.

SOME IMPORTANT purposes of Rotary are to promote community well-being, to foster international understanding, to improve professional and business practices, to encourage youth leadership and educational opportunities, to promote vocational development, and similar worthwhile goals.

To admit women to Rotary membership, and thus to call on them for help in achieving the organization's goals, certainly does no harm to Rotary. However, to exclude them does.

The same goes for other all-male community service organizations, too.

Feeling as I do about this issue, why don't I resign from Rotary in protest? Well, my approach instead is to try to work for change from within.

Frankly, change is inevitable, and Rotarians do a disservice to their organization and their communities to resist the change rather than to embrace it.

CHORALE REHEARSES FOR NEW SEASON — The Milltown Community Chorale is very happy to announce that they are beginning a new season of entertainment through song for the citizens of Grayling and surrounding communities. Sponsored by the Crawford County Arts Council, the Chorale, consisting of over 40 dedicated vocalists, is currently rehearsing for their part in the upcoming Handel Jubilee, which is partially funded through the Michigan Council for the Arts. The Jubilee will be presented on Sunday, October 5th at Michelson Memorial United Methodist Church. Under the direction of Peggy Emerick, the Chorale will perform a Handel Tribute, as well as two selections from "The Messiah", including the very moving "Hallelujah Chorus". The group is looking forward to presenting you with another season of fine entertainment, so be looking for future events from the Milltown Community Chorale!

Handel Jubilee Performance at MM Methodist Church

Kerrie Darnton, Gaylord oboist, will be featured in the Handel Jubilee, October 5, at Michelson Memorial United Methodist Church (Grayling). She has chosen Handel's Sonata #1 (Adagio and Allegro Movements) and will be accompanied by Jan Olson.

There is a choice of a 3:00 p.m. performance or a 7:00 p.m. concert and advance \$2.00 ticket reservations are encouraged, (348-2974).

Kerrie Darnton, a 17 year old senior at Gaylord High School, began studying the oboe in 1981 at the Gaylord Middle School. For the past five years she has studied privately with Nancy Brammer of Traverse City. Darnton also studied at the University of Michigan All-State Orchestra program at Interlochen for three summers; at the Bay View Conservatory of Music, and this past June she attended the John Mack Oboe Camp in North Carolina where she studied and performed with eminent oboist John Mack of the Cleveland Institute of Music and Cleveland Symphony Orchestra.

During 1986 she won first place in the high school division of the Grand Traverse Music Teachers Competition, and was chosen for a music award under the Arts Awards given by the Gaylord Area Council for the Arts. Kerrie has participated in public performances in Detroit, Traverse City, Alpena, Petoskey, Grayling, and Gaylord. She also plays the English horn.

Miss Debbie Schanz, a former Grayling resident, will be one of the featured musicians performing in the Youth Section of the "Handel Jubilee".

Debbie is the daughter of Mr. and Mrs. Donald Schanz of Marshfield, Wisconsin. She began playing the piano at the age of 5. While residing in Grayling, she studied piano under the direction of Janet Dice, and has continued her studies in Wisconsin with Mary Dickson. She is presently a senior at Columbus High School in Marshfield, where she is a member of the National Society and will graduate with honors.

Debbie's piano selection for the "Handel Jubilee" is G.F. Handel's number 11 from the "Water Music".

A Woodwind trio, Grayling High School Band students Angie Larson on the flute, Crystal Herdon on the clarinet, and Michelle Hallin on the Bassoon, will perform "Bourree" by Handel.

Angie Larson is a junior and started playing the flute in the 5th grade. Her flute teachers have been Sue Weeber, former Grayling High School student, and Karen Ross, local flutist. Other instruments Angie plays are oboe, piano, organ, bells in the marching band, drums, and handbells in the Methodist Church Handbell Choir.

Michelle Hallin is a fresh-

man and moved to Grayling this fall from Amery, Wisconsin. She began band in the 5th grade on clarinet, 8th grade began bassoon, and 9th grade began tenor sax. She plays piano too, and hopes to continue with lessons here. She hopefully plans a major in instrumental music in college.

Crystal Herdon is a senior and began playing clarinet in the 5th grade. She is also the drum major this year for the Grayling Marching Band. When she graduates, she plans to attend Michigan State University and major in pre-veterinary medicine.

'CommuniCall' Offers Gift of Independence

She's 76 years old and lives alone. Her recent fall resulted in a hip fracture, however the doctors said she would eventually be able to go home...but she would need help.

Help? Where would she get help? Her children all live in southern Michigan. She has neighbors, but they're not much healthier than herself. The hospital social worker and discharge planner arranged home health care for her. The Commission on Aging would bring her meals and do light housekeeping and shopping.

She would have assistance during the day, but what about the night? A live-in person would be too expensive. What if she fell again? What if she couldn't continue to live in her own home?

Not being able to get help when needed and losing your independence are two of the major concerns voiced by older adults in northern Michigan. These concerns, coupled with the fact that temporary or full-time health care is costly, has given rise to a network of emergency health care systems that enable the older adult or the medically-at-risk individual to live in their home free of fear. CommuniCall®, a in-home communication system is available at Mercy Hospital, Grayling.

CommuniCall®, a two-way voice communication system, enables an individual to call for help when they need it. A small unit is connected to the telephone system in the home and will automatically dial a toll-free number when the person ac-

tivates the CommuniCall® pendant. The telephone call rings into a 24-hour support center. Before the call is answered the dialer's subscriber information can be viewed on a computer screen so the support center staff knows who's calling, from where they are calling, and pertinent medical information.

"CommuniCall® is an excellent communication system for the older person," said Ms. Pat Hanson, CommuniCall® Coordinator for Mercy Hospital, Grayling. "We have 10 units, six of which are in service continually. Without these units in their home, some subscribers would have to find alternative living arrangements at a greater cost than the monthly service fee for the CommuniCall® unit.

Unlike several other emergency communication systems that are non-voice, CommuniCall® encourages its subscribers to call in regularly just to talk. The support center staff recognizes that many health problems or emergencies can be avoided if people have someone to talk to.

"We encourage people to call the support center when they will be doing something that may pose a risk to their health, or when they are performing an unfamiliar task," said Ms. Hanson. "A person learning to use a wheel chair may be uncomfortable moving from the chair to bed. If the subscriber calls CommuniCall® the staff can help by talking them through the maneuvers and being there in case something does happen. It's like having someone in the room with you."

For anyone interested in seeing how the CommuniCall® unit operates, Mercy Hospital will be holding a demonstration for the public on Wednesday, October 8, at 7:30 p.m. in the hospital board room. Staff will be on hand to answer your questions about the CommuniCall® system.

The monthly fee of \$30 pays for all equipment and telephone calls. Calls made on CommuniCall® are never billed to the individual, and users can make as many calls as they wish.

For more information call Ms. Hanson at Mercy Hospital at 348-5461, ext. 120.

Weed Pest

Johnsongrass is a scourge of farmers in many parts of the world and in much of the United States, particularly the Southeast.

The round-stemmed, broad-leaved grass soars as high as 10 feet. It reproduces both from seeds and from wildly proliferating rootlike underground stems called rhizomes.

Special Olympics To Hold Coaches Training School

Michigan Special Olympics, a sports program for the mentally impaired, will hold a coaches training school Saturday, October 18 at Inverness Elementary School in Cheboygan. The training school will run from 8 a.m. to 2:30 p.m. and will concentrate on coaching development activities for younger, novice, or severely impaired Special Olympians.

"We offer developmental events as a lead up to regular Special Olympics sports," said Kathy Williams, MSO Training Coordinator. "It is a way for young or beginning Special Olympians and the severely impaired to experience the benefits of physical fitness, sports training and competition."

The training school is open to anyone interested in working with mentally impaired athletes. A \$5 registration fee must be paid by October 6. For more information on registering, contact Williams at 127 Rowe Hall, Central Michigan University, Mt. Pleasant, Mi. 48859, Phone 517/774-3911.

"There is a real need for people who will offer their time to these very special athletes," Williams explained. "It is a challenging and extremely rewarding experience."

Michigan Special Olympics is a year-round program now serving more than 27,000 mentally impaired children and adults throughout the state.

McNamara Named Radiology Chief

Mercy Hospital, of Grayling, has appointed Patrick J. McNamara, D.O., as Chief of Radiology effective September 29, 1986. He replaces Modesto Lorenzo, M.D., who recently relocated his practice to Clare.

Dr. McNamara is a native of Manistique, and his parents currently live in Gaylord, so he is looking forward to moving back to northern Michigan. He recently completed his three-year residency at Pontiac Osteopathic Hospital and is licensed in radiology in Michigan and Wisconsin.

Graduating from Alma College in 1979 with a bachelor of science degree in physics, Dr. McNamara continued his education at the Michigan State University College of Osteopathic Medicine. From 1982-83 he served his internship at Pontiac Osteopathic Hospital where he stayed to complete his residency.

A member of the American Osteopathic Association, American Osteopathic College of Radiology and the Radiologic Society of North America, Dr. McNamara also is a member of the American College of Sports Medicine, the Michigan Ultrasound Society, and Sigma Sigma Phi, a medical honors fraternity. The 29-year-old physician enjoys sailing, running, windsurfing, scuba diving, nordic and alpine skiing, piano, and photography.

Consumers/Dow Form Partnership To Convert Midland Plant

Warren M. Hoyt, Exec. Dir. MPA

Proposed conversion of the idled Midland power plant project to the state's largest co-generation facility has been proposed by Consumers Power Company and Dow Chemical Company, who would be principle partners in the venture.

The proposal would settle counter lawsuits arising from Dow's decision to break its contract to buy steam from the nuclear plant originally planned for the site because of severe cost overruns on the project. That matter was recessed while details are worked out.

The new plan to rescue a portion of the utility's investment at Midland with a combined cycle gas generator which would also provide steam for Dow would entail rate hikes less than half as much as proposed in April under a conversion plan announced in April by Consumers, officials said.

Consumers Power Chairman William McCormick said he expects no trouble in getting approval by the Public Service Commission "because the project will be economic, efficient, beneficial to the state, and will be looked on favorably. It is economically viable and attractive."

He said the rates for power purchased by the utility from the new partnership would be less than permitted under the PSC guidelines for co-generation power.

Dow Vice President F.R. Lehman said the company "is very supportive of the project" and urged the PSC to expedite proceedings to permit additional investments at the site.

Discussions between the two companies which led to the agreement began about two months ago.

Initial comments from the attorney general's office, which had vigorously opposed the earlier project, were restrained pending release of additional details, and Governor James Blanchard called the announcement "a positive step toward a practical resolution."

Among the benefits of the proposal, Blanchard said, is that it would attract a group of investors to complete the Midland plant and minimize the risk to any one company.

"I am hopeful that details can be worked out in the next several months to everyone's satisfaction," the governor said.

The two companies refused to disclose details of their agreement, including the amount of Dow's investment in the project, until final plans are approved by their boards later this year.

McCormick said officials from both companies are holding discussions with other companies to become partners in the project.

Officials said the co-generation facility would be covered by the Public Utilities Regulatory Policy Act, which is designed to encourage power plants which can generate useable steam.

The PSC in 1981 set guidelines for allowable rates to be charged to utilities, which under the federal law can own no more than 49 percent of a co-generation facility.

McCormick said power purchased from the partnership would require a rate hike of 10-15 percent, compared to a minimum of 25 percent that had been proposed when conversion plans were first announced in April.

Robert Nelson, director of the PSC Office of Regulatory and Consumer Affairs, said the PSC should approve the plan if rates are within those guidelines.

This would easily be the largest co-generator in the state, and would be one of the largest in the country, he said. He said he did not know if the proceedings on the condition barring additional Midland investments would have to be reopened.

The PSC had prohibited Consumers from making further investments at the idled Midland project, whose \$4.1 billion in costs threatened to bankrupt the utility, when it approved a six-year \$594 million financial stabilization rate hike last year.

The utility had written off \$1 billion of those costs, and the new plan does not affect the proposed rate hikes for about \$1.9 billion in abandoned facilities.

Assistant Attorney General Hugh Anderson said he viewed the proposal as generally positive compared to the earlier plan, and said, "Mr. McCormick has thrown in the towel to shift a \$1 billion cost to ratepayers as part of a gas-fired combined cycle plant."

He said the rate hike allowed for co-generation facilities is "pretty much in line with what they pay for power," and is far below the "whooping" increase that had been requested.

Anderson said he would expect hearings before the PSC to permit additional Consumers investment at Midland would have to be reopened "because this is an entirely different animal." He said he would probably ask that the case, which PSC officials say is ready for a decision, be put on hold until Consumers has more details available on the revised plan.

Conversion of the nuclear facilities to a co-generation facility using natural gas and producing a steam byproduct would still cost an estimated \$400 million for the first phase, officials said. A second phase would cost \$150 million, which combined with \$993 million in existing facilities that would be used, and brings the total project cost to over \$1.5 billion.

The new plan, using existing steam turbines and cooling ponds at the site, would yield an 875 megawatt generator in the first phase, to be completed in 1989, when the rate hikes would become effective.

The earlier proposal called for up-front rate hikes to finance the project. A second phase would produce a total project of 1,300 megawatts and 1 million pounds an hour of steam.

Girl Scout Cookie Time

Mention Girl Scouting to a group of people and, almost without exception, someone will make a comment about cookies. That's not surprising since through half a century, the American public has wholeheartedly supported the Girl Scout cookie sale. Smiling, uniformed Girl Scouts ringing doorbells or calling on the telephone are easily recognized and eagerly supported throughout the local community.

Any adult who has worked with Girl Scouts knows that Girl Scouting is more than cookies, but also that the cookie sale is really an integral part of the whole Girl Scout program experience. Selling cookies gives girls the opportunity to develop business skills, take on new and greater responsibilities, and learn how to work more effectively as members of a team. Their adult leaders guide them in learning basic money management as well as beginning sales and marketing techniques. The whole process of planning, organizing, carrying out, and following up on the cookie sale is a learning experience for the girls and its fun too.

At the troop level, the proceeds are used to provide needed troop supplies, finance trips, pay annual membership dues, buy camping equipment, the new handbooks for Brownies and Juniors plus any special projects and activities the girls themselves decide upon. This year being the 75th Anniversary of Girl Scouting a Council wide Birthday Celebration will be held in April at Delta College for the girls to meet with other Girl Scouts.

The Mitten Bay Council proceeds from the cookie sale helps provide the necessary services for the girls. The proceeds are used to maintain program and camping facilities, provide program activities and materials for girls, recruit and train adult members, and the promotion of the Girl

Scout program throughout the council.

The one hundred twenty-three Crawford County Girl Scouts will be taking orders for cookies again this fall starting Oct. 3rd through Oct. 13th. Burry-Lu Bakery is back for the 25th year offering Girl Scout cookie lovers four returning favorites including Hoedowns, Scot-teas, Thin Mints, and Savannahs. Also back by popular demand is the chocolate and vanilla sandwich cookies called Classic Cremes. New this year is the Jubilee in honor of the 75 years of Girl Scouting is a crispy, rich chocolate and caramel topped with toasted coconut and chocolate stripes.

Join the Hometown Parade for ordering cookies and contact your favorite Brownie, Junior or Cadette Girl Scout to place your order. If you don't know a Girl Scout call Sue Louchart, Public Relations Coordinator at 348-8117, Cindy Green

at 348-4031, Service Unit Director, or Kary Moshier, Neighborhood Cookie Chairman, at 348-7118 for troop referrals. We appreciate your supporting Girl Scouting and support the United Way who support Girl Scouts.

Hale - Bennett Speak Vows

Darlene Danette Hale and Jeffery Raymond Bennett were united in marriage on Saturday, June 28, 1986 in a double ring candlelight ceremony at the Grayling Free Methodist Church with Pastor Larry Evoy officiating.

The bride is the daughter of Janet and Robert Hale of Grayling. The groom is the son of Raymond and Joanne Bennett of Waterford.

The bride, escorted down the aisle by her father, chose a floor length gown of white satin with a sheer dotted swiss overlay. Her chapel length train was accented with lace and roses, her wide brimmed hat with attached veil was trimmed in lace and roses to match her gown and train. She carried a bouquet of pink, white, lavender and blue orchids, and roses, with baby's breath and ivy.

Dawn Krajcnka, friend of the bride, was matron of honor. Bridesmaids were Kris Gravelyn, friend of the

bride and Angel Hale, sister of the bride was Jr. bridesmaid. They were attired in off the shoulder gowns of pink and white lace. The flower girl, Heather Wolfe, niece of the groom wore a floor length gown of white lace. They all carried matching bouquets of pink, white, lavender and blue flowers and baby's breath. Each wore a sprig of baby's breath in their hair.

The groom wore a light gray tuxedo as did the best man, Rich Cook of Milford and attendants, David Abeare and Brian Owen, both of Grayling and friends of the groom. The ring bearer was two year old Michael John Hale, son of the bride, who also wore a light gray tuxedo and carried the traditional white pillow.

The bride's mother chose a dress of white and pink satin for her daughter's wedding. The groom's mother chose a red satin dress.

A reception was held following the ceremony in the church Fellowship Hall. Out of town guests were from Michigan and Ohio.

Following a honeymoon to Niagara Falls, Canada, the couple are making their home in Grayling.

Celebrate 50th Anniversary

Charles and Dorothy Tetreau, of Maranatha Baptist Retirement Village, Sebring, Florida were honored at the Calvary Baptist Church on August 3, by family and friends to help celebrate their 50th anniversary. Special music was furnished by David Niederer, Lynette Corlew, Marie Rohde and Jean McDonald of Grayling, Carolyn Berg, of Delton, and Mark Barnett of Grand Rapids.

A delicious luncheon was served in the church fellowship hall, the lovely cake was made by Diane Cherven of Grayling. Many nice remembrances were expressed by friends. An enjoyable evening was had by all. Hostesses for the evening were Doris Moffatt and Doris Rush.

The Tetreaus were residents of Grayling before moving to Florida. They are the parents of Mrs. Philip Townley, of Grayling. Charles and Dorothy were married January 1, 1937 and will be honored on December 28, 1986 at Maranatha Village by their four children: Jerry of Mesa, Arizona, Paul of Prescott, Arizona, Mary Lu Steiner, of Grand Rapids and Marilyn Townley of Grayling.

ABWA Recognizes American Business Womens' Day

The Grayling Chapter of the American Business Womens' Association celebrated American Business Womens' Day on September 22nd with a dinner meeting held at the Arrowhead Inn. Nationwide recognition of this day reflects ABWA's founding.

The evening's guest speaker was Barbara Dumouchelle, Vice President of the State Board of Education. Ms. Dumouchelle has served in this capacity for 14 years. She addressed educational opportunities for women in business and stressed the necessity for higher education. Ms. Dumouchelle stated that \$70,000,000 a year is awarded in scholarships and tuition grants for students. Over 50 percent of college students in Michigan are women. The Dept. of Education is the second largest department in state government, employing 180,000 people in various capacities.

Sister Mary Ellen Howard, President and Chief Executive Officer of Mercy Hospital in Grayling, gave the vocational presentation. She spoke on her vocation as a Sister of Mercy rather than the administrative work she is involved with at the hospital. The Sisters of Mercy originated in Ireland in 1831. The organization is best known in the United States for involvement in the health care industry. Sister Mary Ellen was influenced in her career choice by her teachers and worked as an elementary school teacher before entering the nursing profession. The past fourteen years have been spent in various administrative roles in health care in this country and throughout the world.

Association members and guests enjoyed this special meeting with its enthusiastic speakers. During the business portion of the meeting, President Jane Larson presided over installation of five new members, Cathy Czuba, Arlene Musakka, Sue Sowulewski, Dorothy Stinehour, and Jean VanDeCasteel. She announced that the Grayling Chapter had earned the Banner Award for 1986. Mickey Perez was presented the Star of Friendship Award. Happy Birthday was sung to several members celebrating September birthdays.

Diane Christman, Sally Hartig and Margaret Chappell will attend the National Convention in Kansas City the last week of October. Work continues toward establishment of a new ABWA chapter in Kalkaska. The Grayling Chapter is encouraging new membership. Women who are employed are eligible. Information on attending a meeting this fall can be obtained from Carol Ralph at 348-9415. The next meeting is scheduled for October 21st.

Resource Review

by Bruce Patrick
Conservation Officer

This year, for the first time, handguns will be allowed for hunting deer in southern Michigan (Zone 3). Repeating centerfire pistols and revolvers, .35 caliber or larger, loaded with not more than 9 straight walled cartridges or muzzle loading pistols .44 caliber or larger will be legal. Those persons hunting deer with a handgun in Zone 3 must have a Hunter Safety certificate in possession if born after Jan. 1, 1960.

The language of the law (Act 182 P.A. 1985) is very specific as to the kinds of handguns allowed, single shot "Contender" type handguns are not legal in southern lower Michigan for deer hunting.

Several questions have arisen relevant to carrying and transporting a pistol or revolver anywhere in the state. Following is some general information:

Handguns must be unloaded and transported in a container or wrapper in the trunk of a vehicle, or in a container or wrapper not readily accessible to the occupants of a vehicle which doesn't have a trunk. Do not transport under the seat or in a glove box! When carrying a handgun, it must be in the open (not covered by an article of clothing) unless the possessor has a valid concealed weapons permit. A concealed weapons permit for hunting and target practice purposes does not allow you to carry a handgun concealed or loaded in a vehicle. It must be transported as described above.

You must be 18 years old to possess a handgun. A handgun must be registered in the name of the person using it. If you borrow another's pistol, it must be re-registered in your name. The registration must be carried with the handgun at all times.

A valid out-of-state concealed weapons permit is accepted in Michigan. A hunting license is required to transport a handgun in an area frequented by game.

Violation of the concealed weapons law is a felony and may result in a sentence of 5 years in state prison.

Students Perform In Handel Jubilee

This Sunday, October 5th, the Handel Jubilee finally arrives at Michelson Memorial United Methodist Church, and with it, a wonderful array of area talent. One of the outstanding performances will come from students of Grayling and Frederic Elementary Schools.

The 40 young persons comprising the Elementary schools choir are selected from over 200 auditions on the basis of talent as well as citizenship and good academic standing.

The choir's weekly rehearsal keeps it prepared for the many performance requests it receives throughout the year. The students, directed by Peggy Emerick and accompanied by Janet Dice, will sing "Swell the Full Chorus" for the dual concerts this Sunday at 3:00 and 7:00 p.m.

Last week I told you to call me but my gremlins left out the telephone number. Fay Bovee - 348-7017. There must be a lot of you that have news and just don't get around to call. Please do!

Mrs. Bernie Dosch returned from an 8-day trip to Vermont where she took part in the Country Peddlers Show at Essex Junction near Burlington. She was accompanied by Marian Huston of Lewiston. On their return they stopped in Shelbourne, Vermont, to a most interesting Shelbourne Museum which features different crafts of Early America.

A call from Chuck Fick informs us that Steve Fick, who is still hospitalized in Northern Michigan Hospital in Petoskey is progressing well. He was able to get outside for the first time this past weekend when they took him out in a wheelchair.

Dena Bovee of Worthington, Ohio spent the weekend with her parents, Bob and Fay Bovee, and attended the alumni dinner at which her mother was honored.

The Knibbs family were all able to come for the alumni dinner at which their mother was honored, Jim and Cindy from Petoskey, Linda from Springfield, Illinois, Holly from Washington, D.C. and Nancy and Michael Elliott from Ann Arbor.

Dewey and Ernestine Coutts of Delaware, Ohio, were in Grayling for the Alumni dinner and stayed at the Holiday Inn.

Rufus and Vi Edmonds of Flint were also at the Holiday Inn for the weekend, coming for the alumni dinner.

The Handbell Choir from the Michelson Memorial United Methodist Church will be among the featured performers for the Church's Handel Jubilee, on October 5. The Choir will perform Fughetta in C Major and also Handel's Allegro from the Water Music. Handbells became an integral part of the church's music department during the last three years through gifts by members of the church in memory or honor of loved ones. Mrs. Karen Wadsworth directs the group.

Timothy and Gail Swope of Grayling would like to announce the birth of their son, Matthew Scott on September 22, 1986. He weighed 8 lbs. 7 1/2 ozs. The proud grandparents are Gladys M. Swope and Justina Ebeler, both of Ypsilanti.

Doodles From The Tall Timber

by Wendell L. Hoover
Park Interpreter

As in years past, from where I sit at my desk there are six or eight trees visible. Located right in the middle foreground is a small oak that is still very green. Next to the oak is a Silver Maple which is also still green. A short distance away is another maple (Sugar) that is just starting to show evidence of turning color. Beyond those three trees are two maples that are at this time (Monday, the 22nd) a very vivid orange with tinges of red thrown in for accent. It is a quietly beautiful scene that has repeated itself with a sameness that should be boring, but is not.

Even without the trees turning color the approach of really cold weather and snow is evident. I haven't spotted a robin for some time now and the blackbirds and cowbirds have flocked together in preparation for the move South. The Chipmunk that has taken up residence in my wood pile seems to always show up with its cheek pouches full of sunflower seeds from the feeder. While my preparations for winter include a full woodshed the Chipmunk knows that a full larder is essential even though it will sleep through until spring. The Red Squirrel is taking no chances either, but if you walk under the pines in the yard you are taking a chance of being struck by a falling pine cone. Red is cutting and gathering the cones into a pile for use this winter. From all indications one or two cones have enough seeds for a squirrel's lunch. How many lunches those three trees will provide is the question.

State Official Says Michigan Students Better Than U.S. Average

Michigan students have outscored students nationally for more than a decade, a member of the Michigan State Board of Education said at a meeting of the Grayling Business Women's Club on Monday, Sept. 22.

Barbara Dumouchelle, of Grosse Ile, said Michigan high school seniors "have consistently scored higher than the national average" on both the American College Test (ACT) and Scholastic Aptitude Test (SAT).

Mrs. Dumouchelle, who is seeking re-election to the State Board of Education said education is "big business" in Michigan. Nearly two million children and youth attend the state's 4,300 public and non-public schools and about 500,000 are enrolled in the state's 100 colleges and universities.

"For instance, schools operate the largest transit system in the state, serve more meals than any restaurant chain, and are one of the state's largest employers with about 180,000 teachers and support personnel in K-12 schools alone."

Mrs. Dumouchelle said "it is a real challenge to educate children and youth today when you consider that most children spend more time each year watching television than they spend in the classroom."

Graduates From A.F. Course

Airman Susan E. Persondek, daughter of Alvin Persondek of 9380 Oakwood Road, Roscommon, has graduated from the U.S. Air Force aerospace photographic systems course at Lowry Air Force Base, Colo.

During the course, students were taught electronic fundamentals to operate and maintain various camera systems on aircraft and applicable aerospace ground equipment. They also earned credits toward an associate degree through the Community College of the Air Force.

Herbal Corner

Normally I am not a complaining person and usually accept the weather as a matter of course; however, I have had enough of rain. So has everything around me.

Botanical curios are pleasant and I regard them much the same as newspaper fact fillers. Here are a few for you: Irish Moss, better known as Carrageen is a sea vegetable. This makes one think of something slimy and green, tasting salty. But, darlin', hold on. Carrageen is: "An excellent substitute for animal gelatin. It has a remarkable property to thicken or stabilize beverages and foods. It is used to stiffen a jell blanc-mange, puddings, custards, fruit or salad molds, etc. Carrageen is not a by-product. It contains all the natural elements characteristic of most sea plants. It is easily digested and may be given to invalids, children and the aged. Plain Carrageen, made with water or milk (either as liquid or jelly) is soothing to digestive linings." Next time you buy puddings in cans, salad dressings, some ice creams, etc., read the labels.

Licorice: "...has some soothing influence over the lining membrane of the

throat. By 'Sympathy of contiguity' this influence extends from the gullet into the windpipe, and thus Licorice helps to soften and loosen coughs due to common colds." However, darlin', too much Licorice has been known to cause diarrhea.

Butternut inner bark: "A gentle purgative, which does not bind. 'It is one of the mildest and most certain cathartics we possess, operating without producing nausea, irritation, or pain; neither weakening the alimentary canal, nor impairing digestion.'" Botanic Guide to Health, 1845.

Herbally yours,
E. Diona Cerelli, C.H.

Regular Meeting — September 9, 1986

Members present: F. Blaauw, R. McLachlan, R. O'Mara, M. Ashton, A. Stancil.

Members absent: None

Guests: Randy Thompson, Barb Sojka, Sue Brenner, Cal Brenner.

Meeting called to order at 7:30 p.m. by Supervisor Stancil. Motion by O'Mara, support by McLachlan, to approve minutes of July 28, 1986, special meeting, and August 12, 1986, regular meeting as presented. All ayes, motion carried.

Motion by Ashton, support by Blaauw, to approve Treasurer's report as presented. All ayes, motion carried. 1. Crawford County Chamber of Commerce representative, Randy Thompson, thanked the Board and citizens of Grayling Township for their past and, hopefully, future support of the C.C.C.C. and outlined future goals.

Board members commented on the productiveness of C.C.C.C. and fine leadership of its Directors.

2. Mr. Thompson also represents the Crawford County Housing Commission which has recently received a \$200,000. grant for rehabilitation of housing for very low income families. The Commission also has the capacity to grant small low interest emergency loans, yet, this fall.

3. A formal complaint, received from Lillian Hodgins, was summarized by the Supervisor. Mrs. Hodgins is requesting vacation and quiet title to "Birch" Street in Lakeview Subdivision on the north side of Lake Margrethe.

4. Supervisor read two letters of application for appointment to Zoning Board of Appeals vacancy which must be filled by a Planning Commission member. Ashton requested to abstain from vote as she is an applicant. Request granted.

Motion by McLachlan, support by O'Mara, to appoint Monica Ashton to Zoning Board of Appeals. Ayes: three, nays: one, abstain: one, motion carried.

5. Motion by Ashton, support by Blaauw, to designate Doug Dosson as legal counsel for 1986-87 Fiscal Year. All ayes, motion carried.

O'Mara requested that, when reasonable, the Township more often make use of the legal counsel available to us through the Prosecuting Attorney's office. This will be considered along with the nature and merits of each case in the future. It was also noted that we do receive a considerable amount of legal advice on request through our affiliation with the Michigan Townships Association.

6. A consensus of Board members requested clerk proceed with letter of request for proposals for audit services to local Certified Public Accountants and any firms on file that have requested to be considered for these services in the past.

7. A response has been received from D.N.R. Regional Director, John MacGregor, regarding our request for information on the disposition of the parcel on the corner of N. Down River Road and Roberts Road west of the river. The response indicates the D.N.R. considers the parcel contiguous with that on the south side of N. Down River Road where the field office was located and do not wish to break up this land holding at this time.

8. Motion by McLachlan, support by Blaauw, to approve the 1986-87 Township Improvement Revolving Fund Budget as presented at the July meeting with estimated revenues of \$7,000. and disbursements of \$25,000. Roll call: Blaauw: aye, McLachlan: aye, O'Mara: aye, Ashton: aye, Stancil: aye, motion carried.

9. Motion by Ashton, support by McLachlan, to accept, endorse, and forward to the Crawford County Road Commission, a petition from taxpayers and residents of Grayling Township living on W. AuSable Trail, for 35 m.p.h. speed limit on said road. All ayes, motion carried.

10. Motion by Ashton, support by O'Mara, to remove matter of purchase of metal detector for assessing and building department from the table. All ayes, motion carried.

Motion by Ashton, support by O'Mara, to purchase a compass at a cost of approximately \$45.00 Roll Call: McLachlan: aye, O'Mara: aye, Ashton: aye, McLachlan: aye, Stancil: aye, motion carried.

11. Motion by McLachlan, support by Blaauw, to subscribe to Planning and Zoning News for one year at a cost of \$90.00. Roll Call: O'Mara: aye, Ashton: aye, McLachlan: aye, Blaauw: aye, Stancil: aye, motion carried.

Reports:

A. Planning Commission & (Ashton) The Commission is researching regulations for "hawkers and peddlers", "dock and public access" requirements, also, over-saturation clause in conditional use permit guidelines for in-home occupations.

B. Grayling Recreation Authority: (Ashton) Minutes of 8/13/86 on file. G.R.A. is initiating negotiations with Military Board regarding new lease. Fiscal year end financial statement showed no operational accounts payable on June 30, 1986.

C. Crawford County Transportation Authority Board: (O'Mara) Minutes of 8/13/86 on file. No new airport business was discussed by the C.C.T.A.B. Board committed to building Dial-A-Ride maintenance/storage/administrative office facility by consulting with an architect engineering firm to develop preliminary plans and cost projections.

D. Supervisor: (Stancil) Written and on file.

Motion by O'Mara, support by Blaauw, to approve bills on vouchers 8861, 8874, 8886 through 8923 in the amount of \$8796.32. Roll call: Ashton: aye, McLachlan: aye, Blaauw: aye, O'Mara: aye, Stancil: aye, motion carried.

Motion to adjourn by O'Mara, support by Blaauw. All ayes, motion carried.

Monica S. Ashton, Clerk

REGISTRATION NOTICE FOR GENERAL ELECTION

Tuesday, November 4, 1986

To the Qualified Electors of the Several Townships of Crawford County and City of Grayling, Michigan

Notice is hereby given that in conformity with the "Michigan Election Law", I, the undersigned Clerk, will upon any day, except Sunday and a legal holiday, the day of any regular or special election or primary election, receive for registration the name of any legal voter in said Township, City or Village not already registered who may APPLY TO ME PERSONALLY for such registration.

NOTICE IS HEREBY GIVEN THAT I WILL BE AT MY OFFICE

Monday, October 6, 1986 - Last Day During Regular Office Hours The 30th day preceding said Election

For the purposes of REVIEWING the REGISTRATION and REGISTERING such of the qualified electors in said TOWNSHIP or CITY as SHALL PROPERLY apply therefor.

IN ADDITION TO THE ELECTION OF CANDIDATES FOR VARIOUS OFFICES, THE FOLLOWING PROPOSITIONS WILL BE VOTED ON:

PROPOSAL A

A PROPOSAL TO ALLOW FOR THE ESTABLISHMENT OF THE LIBRARY OF MICHIGAN WITHIN THE STATE LEGISLATURE

THE PROPOSED AMENDMENT WOULD:

Provide clear authority under the State Constitution for the establishment of the library of Michigan within the legislative branch of state government and require that the library be administered by laws enacted by the State Legislature. The library of Michigan was transferred by statute from the Department of Education to the legislative branch of state government in 1983.

SHOULD THE PROPOSED AMENDMENT BE ADOPTED? YES ☐ NO ☐

PROPOSAL B

A PROPOSAL ALLOWING FOR THE APPROVAL OR REJECTION OF ADMINISTRATIVE RULES BY THE STATE LEGISLATURE

THE PROPOSED AMENDMENT WOULD:

Authorize the State Legislature to enact laws which would permit the Legislature or a joint committee of the Legislature to approve or reject administrative rules proposed by state agencies. Administrative rules implement state law.

SHOULD THE PROPOSED AMENDMENT BE ADOPTED? YES ☐ NO ☐

PROPOSAL C

A PROPOSAL TO EXPAND THE AUTHORITY OF THE STATE OFFICERS COMPENSATION COMMISSION

THE PROPOSED AMENDMENT WOULD:

Transfer the authority to determine the salaries and expense allowances of the Secretary of State and the Attorney General from the State Legislature to the State Officers Compensation Commission. The Commission currently has the authority to determine the salaries and expense allowances of the State Legislature, the Governor, the Lieutenant Governor and the Justices of the Supreme Court. This proposal, if adopted, would go into effect on July 1, 1988.

SHOULD THE PROPOSED AMENDMENT BE ADOPTED? YES ☐ NO ☐

CRAWFORD COUNTY PROPOSAL

Shall the County of Crawford levy 1/4 (.25) mill tax for the period of two years (1987 & 1988) on property within the territorial limits of the County for the purpose of continued operations of Senior Citizen programs through the Commission on Aging within Crawford County.

YES ☐ NO ☐

Girls Win Big in League

Grayling thumped Petoskey 46-17 and overcame Boyne City 54-47 to go 2-0 in the first week of league action.

It was no contest at Petoskey as Grayling took leads of 10-2, 24-4, and 42-9 at the quarter marks.

All eleven Vikings played and ten scored. Shawn Denton led the team with 8 points. Richele Trudeau, Michelle Moore, Jennifer Ojala, and Rebecca Jones each had 6, Dena Thayer and Jenny Money had 4 each, Cathy Kraus, Jenni Branch, and Angela Larson had 2 each.

Denton had 11 rebounds and Jones had 10. Jones and Branch had 3 steals each.

Against Boyne City at home last Thursday, Grayling came from a 14-8 first quarter deficit to lead 29-18 at half. Boyne then outscored Grayling 20-7 for a 38-36 lead at three quarters.

The game was filled with fouls as two Grayling starters and four Boyne City players fouled out.

Moore led the team with 14 points. Denton scored 13 with 9 points on free throws. Trudeau scored 8, Thayer, Branch, and Carrie Trudeau 5 each, and Jones 4. Jones had 13 rebounds, Denton 9, and Trudeau 8. Denton and Branch had 6 steals each.

Grayling plays both Cheboygan Tuesday and Gaylord Thursday at home this week.

Grayling's junior varsity remained undefeated last week with a close 42-41 win over Petoskey and an easy 61-24 win over Boyne City.

Grayling is 5-0 for the season and 2-0 in the Michigan Huron Shores Conference.

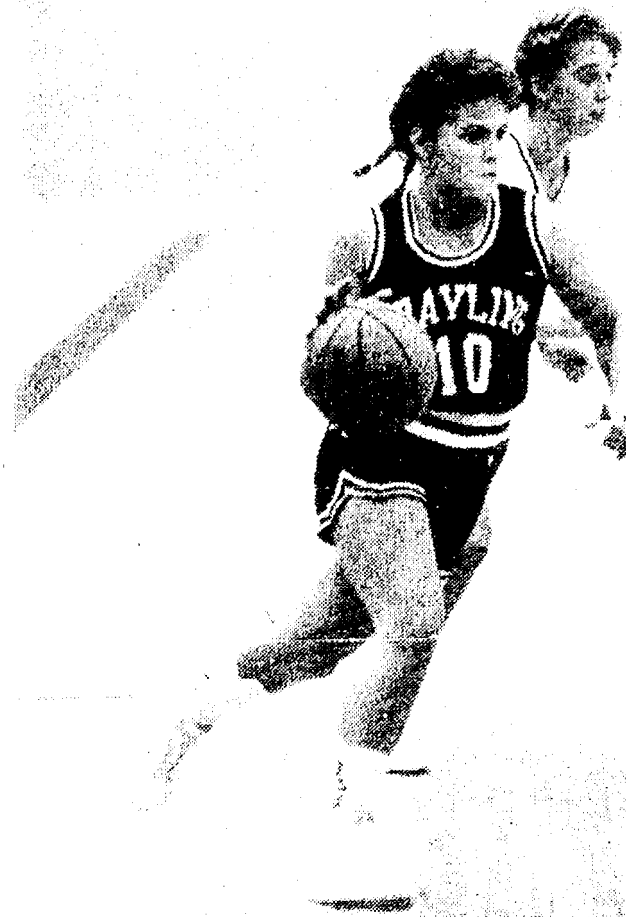

A.J. Pratt sank a free throw with 13 seconds left to give Grayling a 42-40 lead. A Petoskey player was fouled as the buzzer sounded but before scoring two baskets in the last minute along with Pratt's free throw.

Pratt led the team with 17 points and 7 steals. Patti Tremblay had 12 points and 5 steals. Deanna Phelps scored 5, Melanie Ojala 4, Lori Gust 2, and Nikki Trenary 2. Gust and Janice LaDuke each had 4 steals.

Against Boyne City, the quick Vikings only had 9 turnovers while out-running the opposition. Ojala scored 18 to lead Grayling and had 9 steals. Pratt scored 10, Phelps 6, Trenary 4, Peggy Kraus 4, Tremblay 2, Linda

Goodale 2, Gust 2, Anne Petrosky 2, and Margo Rembowski 2. Pratt and Tremblay had 6 steals each and Phelps led with 8 rebounds.

Grayling plays both Cheboygan Tuesday and Gaylord Thursday at home this week.

NO STOPPING — Dena Thayer didn't let any one stop her on her way to the basket on this drive. (Jon Thompson Photo)

Arts Council Awards Funds To Students

The Crawford County Arts Council awarded financial aid to Stephanie Hindmarsh and Scott Trudeau for their art related education.

Stephanie, a recent graduate of Grayling High School, is attending Western Michigan University, where she is majoring in performing arts. She has a strong dance and theatre background.

Scott, a sophomore at Central Michigan University, is enrolled in design and commercial art classes. In the fall of 1987, Scott plans to transfer to Kendall School of Design. This is the second year he has received financial aid from CCAC.

Pre-Retirement Seminar at KCC

John Rosczyk, owner of Three Lakes Abstract and Title Co., 403 S. 5th St., Roscommon, will be the guest speaker for the fourth (4th) session of the Pre-Retirement Seminar currently offered by Kirtland Community College on Monday, October 6, from 7 p.m. to 9 p.m.

Mr. Rosczyk, an Attorney at Law, will speak and answer questions on "Legal Affairs", covering topics such as when you need a legal advisor, how to select a lawyer, the importance of the steps in making a will, the advantages of a living will, contracts, power of attorney, etc.

Additional participants of all ages are invited to attend the remaining five (5) sessions at no charge. All sessions are being conducted by Central Michigan University in the Community Services Room, Student Center Building on the Kirtland Campus each Monday, through November 3 from 7 p.m. to 9 p.m.

For more information on the remaining sessions please call Dale Marie Losee, Kirtland Community College, 517/275-5121, ext. 228.

point kick to leave the score at 19-14.

Another long drive in the fourth quarter ending with an 11-yard toss to Palmer earned the final six points. Palmer's kick missed.

Every Viking played in the contest. Wolcott led rushers with 86 yards, Shively had 33, Kevin Kamph 18. Jim Laurent had 10 tackles, Wolcott 7, Palmer and Ward Jones 6 each, and Rick Sprague and Scott VanDeVen 5 each. Jones and Wolcott recovered fumbles and Flaskie Robins and Paul Anteau intercepted passes.

Head coach Klinger said the offensive line of Jayson Welsler, Laurent, Joe LaGrow, Bubba Neilson, and Wayne Weatherly deserved credit for the rushing game

and pass protection. Klinger also said Grayling got a lift with players like Jeff Golnick starting and adding more depth to the team.

The Friday night win capped a 6-0 week for Grayling sports teams.

The girls basketball team, varsity and junior varsity, won two games each, and the Grayling junior varsity football team won a scrimmage with Mio.

Rogers City was the first league class C opponent for Grayling and the win gives the Viking a 1-0 mark with league class C foes. Grayling still has to play St. Ignace, Boyne City, Charlevoix, and Onaway for the class C league competition. Grayling plays undefeated Gaylord at home Friday.

STIFF ARM — Jeff Wolcott churned for a total of 86 yards Friday night and used a stiff arm in the open field on this play to gain extra yards. (Chuck Kolb Photo)

Right To Life

(Con't. from Page 1)

of the personal and medical records of each patient. For this reason Mercy Hospital is unable to comment concerning the medical care being provided to a particular patient without the patient's prior consent and authorization," said Sister Mary Ellen Howard, RSM, President and Chief Executive Officer, Mercy Hospital, Grayling.

"Mercy Hospital, Grayling is committed to providing its patients high quality medical care. Our guiding principles and values prompt us to manage and operate the hospital at all times to achieve this objective. In providing hospital care, the type and quantity of care provided is always subject to the wishes of the patient. Under Michigan law a patient in a hospital has a right to refuse treatment, and Mercy Hospital honors the decisions of its patients. If a patient is unable to act, then these decisions are made by the patient's legal guardian on behalf of the patient."

"We understand about the patient's con-

fidentiality, but it isn't clear to me what the big problem is in communicating with us," said Jurkovich. "All we wanted was the best thing for the patient. We weren't trying to blast the hospital, but get the best care for the patient. No one would explain to us why the patient wasn't receiving an I.V. We feel more could have been explained to us without revealing confident patient information."

On Tuesday morning, after talking with several persons involved with the case, Dr. Michael Langdon, of Grayling, said he completely supported the decision of the physician at the hospital to not administer life-prolonging medical treatment. Langdon, who is also a member of the local Right To Life group, said "There have been many similar cases in our community. This is not a spectacular or unusual case."

The patient died in the extended care wing of Mercy Hospital Tuesday, Sept. 30, about 1:00 p.m.

TOUCHDOWN PASS — Jeff Palmer goes high in the air to grab this Todd Klinger pass in front of two defenders. Palmer grabbed the toss 25 yards downfield, broke away from the defenders, and ran 16 yards for a score with 30 seconds left in the half. (Chuck Kolb Photo)

4 Touchdown Catches Lead Vikings To 25-14 Victory

Jeff Palmer caught three touchdown passes to lead Grayling to a 25-14 comeback victory over Rogers City Friday night before a Parents' Night crowd.

Grayling scored all four touchdowns through the air as Todd Klinger went 11 of 18 for 218 yards and four touchdowns.

Palmer was outstanding catching six passes for 157 yards including the three touchdown strikes of 48, 41, and 11 yards. Jason McEvers caught three passes for 30 yards and one touchdown. Tom Shively caught two passes for 31 yards in the air show.

The game looked bleak for Grayling as Rogers City scored two touchdowns in

the first quarter to take a 14-0 lead.

In the second quarter, Klinger connected with Palmer, Shively, and McEvers while Jeff Wolcott rushed well to fuel a drive 70 yards. An 11-yard pass to McEvers scored the touchdown. Palmer kicked the extra point.

With 1:20 to go in the first half and the ball on the Viking 20, Palmer caught a 38-yard pass and Grayling called a time out with 40 seconds to go. Palmer then made the most spectacular catch of the night leaping in front of two defenders across the middle and breaking away for a 41-yard touchdown.

A two-point pass attempt to Jason Teddy went high off his hands to leave the score at 14-13 at half.

In the third quarter, running by Wolcott and Shively opened the air game again and Palmer scored on a 48-yard touchdown toss. McEvers missed the extra

I Bet You Didn't Know

Here's one of the most fascinating football stories of all time...Perhaps you know it, perhaps you don't...Back in 1942, Boston College was the number one team in the country...They were undefeated going into the last game with Holy Cross...They were heavily favored, and made reservations to hold a victory celebration after the game at a place called the Coconut Grove...However, in one of the greatest upsets in football history, Holy Cross not only beat B.C., but they beat them by the unbelievable score of 55-12...The crushed Boston College officials cancelled the "Victory" party...Then, that night the Coconut Grove burned in one of the worst disasters in history with 492 people losing their lives...The Boston College football players all might have been killed except for the fact that they lost a football game that afternoon...Fate plays strange tricks, doesn't it?

Did you know in the old days of football, coaches didn't want their players to wear numbers on their uniforms...They thought it would be better if everybody was confused about who was carrying the ball...The rule requiring teams to wear numbers on the back and front of their jerseys was not passed until 1937.

I bet you didn't know...87 cars are on the ground. We have the largest selection of '87 cars in northern Michigan. We have available more front drive fuel injected cars than any other manufacturer. Please stop and drive an '87 G.M. or Chrysler product. We have the best deals in northern Michigan.

Sounds and Sights of Fall

Ah, the SOUNDS OF FALL: school bells tolling; leather smacking leather on football fields; children verbally playing in fallen leaves, screaming to catch them as they flutter to Mother Earth.

And the SIGHTS OF FALL: vacations ending; routines resuming, and feelings of nostalgia fighting with feelings of anticipation as the days God has made become clothed in his coats of many colors.

Fall is God's message that he is actively at work in his universe; that change is not all that is permanent, but rather his is creatively at work in us: changing, moving, pulsating, and gearing us toward that maturity of wisdom he promises to those who seek him and will allow

him control.

The coming of Fall is not merely a sign that winter is not far behind, but that God is painting universal, multi-colored pictures of his purpose. And he wants to include us.

"Try me," he says, "and see if I will not open the windows of heaven for you and pour down for you an overflowing blessing." (Malachi 3:10b)

As God paints the trees, even so will he paint his purpose in our hearts, making us as beautiful as all nature around us.

Fall is a good time to seek him in his house of worship; and, be picked-up by him there.

One shot at an insulator can drop a city in its tracks.

Some thoughtless people, "just for the fun of it," use insulators for target practice. In fact, this happens a lot. I know, because I'm a Consumers Power lineman, and it's my job to search for the cause of a power failure.

People who shoot out insulators forget that a single shot can bring down a house, a factory, a hospital or even an entire city.

That's why Consumers Power offers substantial rewards for information resulting in either the arrest and arraignment of persons responsible for damage to our property.

So, if you have information concerning such an incident, please contact a local police agency or call Consumers Power.

I know just how important stamping out this crime is; my home is just as vulnerable as yours.

Volunteer Services at Mercy Hospital

"The Changing Role of Directors of Volunteer Services" was the topic of a conference attended recently by Donna Pflum, Coordinator of Volunteer Services for Mercy Hospital, Grayling. The learning experience was geared for professionals in the field of volunteer administration in health care facilities.

"The rapid and dramatic changes in today's health care delivery systems bring unique challenges and opportunities to those who manage departments of volunteer services," said Mrs. Pflum. "The conference will give me a chance to examine the role of our volunteer department here at Mercy, and offer realistic strategies for strengthening the department of volunteer services."

Members of the Mercy Hospital Auxiliary currently provide volunteer services at Mercy Hospital, Grayling. Later this month the Fall Volunteer Recruitment Sessions will be offered Thursday, October 16 at 7 p.m. in the hospital's private dining room; and Friday, October 17 at 10 a.m. and 2 p.m. in the board room. If you are interested in becoming an Auxiliary member and would like to volunteer some time at your community hospital, contact Mrs. Pflum today at 348-5461, ext. 193.

NORTHERN ELECTRONICS & MUSIC GRAND OPENING — General manager Fred Hinkle cuts the ribbon while owner Robert McCurdy, left, and his wife, Susan McCurdy, hold the ribbon at the new store along the I-75 Business Loop in the Alfred Hanson building across from the water tower. Northern Electronics & Music features complete Pioneer home entertainment systems with speakers, turntables, cassette decks, CD components, equalizers, dynamic expanders, and other components. The new business offers Korg electric keyboards, drums, guitars and amplifiers in addition to televisions, VCR's, microwaves, cassette-radio players, and portable VHS recorders and cameras.

Role Changes

As each new phase of life is entered, specific responsibilities are accepted and special roles are carried out. For most persons, the responsibilities of adulthood begin when schooling is finished. Today formal schooling is extending beyond the teen years in some cases, postponing adulthood.

Since the length of schooling is a variable period, discussion here is centered on the adult period between the ages of twenty-five and fifty. During these years, roles and responsibilities are fairly well defined as families are raised and careers are established.

Though some women directly enter into the home-maker role, many first enter the workforce, establishing careers of significance and value of their own. More and more of today's women are coupling homemaking chores with business responsibilities. This is a trend that has developed since the 1940's. Now, with the impact of an inflationary economy, more women work because the additional income is needed to help support the family. Women are most apt to seek gainful employment again when their children reach school age, even if they have remained in the home during the children's preschool years.

Children are being born to younger women who reach their middle adult years when the young, themselves, mature. The maturing of the young often coincides with the menopausal period, a time of adjustment. The adult women, still relatively young, in good health, freed of the responsibility of children, and wanting to be actively involved outside the home, often returns to the career world.
